**STATEMENT BY MASSIMO DONELLI**

---

Zelig has given millions of viewers eleven evenings of excellent television, winning a tough challenge: to bring to the small screen the quality of a big theatrical production. Claudio Bisio and Vanessa Incontrada have led an unbeatable team that won the leadership of Friday evenings on 28 September and held on to it for eleven weeks in a row, closing the last episode with a record share of 35,69 per cent in the commercial target. A clear sign that, once again, the television audience has appreciated the great team of writers made up by Gino Vignali, Michele Mozzati and Giancarlo Bozzo. A loyalty that will be rewarded in January with two special evenings. Like the special thanks of everyone at Canale 5 to the great Zelig family.
